

MISSION

We provide real estate agents a way to thank their clients and support their local cancer communities with every closed transaction. Additionally, our Ticket Angel Program provides once in a lifetime experiences for families fighting cancer.

VISION

We envision a future where each closed transaction helps support families battling cancer. With over 20 years of hospital partnerships, we recognize that people don't get cancer; families get cancer, and those families need our help.

By collaborating with a nationwide network of hospitals and non-profits, we empower the real estate community to show compassion, provide essential resources, and turn agents' gratitude into meaningful support for those in need.

To get involved and make a difference in your community, email us at info@agentsvscancer.org.

Who can participate?

We've built this program with residential real estate agents in mind. However, when it comes to the fight against cancer, everyone is welcome! If you're part of the real estate industry in any capacity, we would be honored to have you join our team!

Don't worry; we customize each "thank you" to the client based on your individual role and the type of real estate transaction.

Still not sure how to get involved? Feel free to reach out to us at **info@agentsvscancer.org** for more information.

What does my donation do?

90% of every donation is allocated to our charitable programs and/or donated directly to our charitable partners. The remaining 10% is retained by Agents vs. Cancer, allowing our organization to sustain its charitable initiatives and continue providing essential support and resources to our partners. For additional information, please email us directly at **info@agentsvscancer.org**

All contributions will be utilized to support our charitable mission and local cancer communities everywhere. When you donate with Agents vs. Cancer, you have the ability to control exactly how and where your money is put to use. Support local!

From providing warm meals to families with extended hospital stays to creating once-in-a-lifetime experiences, we aim to offer moments that provide relief from the reality of cancer. We work directly with our charitable partners, social workers, and child-life specialists to identify individuals and families that could use a little extra love and support.

I can't find a hospital or organization I'm familiar with?

We're always looking to assist new communities & organizations, email us directly and we can work on creating relationships in your area, **info@agentsvscancer.org**
