

Agents vs. Cancer & Cancer Fit:

A Powerful Partnership for Hope

Empowering Communities, One Transaction at a Time

Agents vs. Cancer and Cancer Fit, Inc. have joined forces to create a meaningful collaboration that transforms real estate transactions into opportunities for hope and support. This partnership empowers real estate agents to give back to their local cancer communities by supporting Cancer Fit's impactful programs for childhood cancer survivors and their families.

About the Collaboration

Agents vs. Cancer provides real estate agents with a unique platform to thank their clients and make a difference at the close of every transaction. Through this partnership, agents can now direct a portion of their donations to Cancer Fit, Inc., a 501(c)(3) nonprofit based in Newberry Park, California. Cancer Fit is dedicated to providing free exercise and wellness programs that promote active lifestyles and alleviate the late effects of childhood cancer.

How It Works

- **Support at Closing:** At the close of any real estate transaction, agents can contribute to Agents vs. Cancer, with 90% of donations allocated to charitable partners like Cancer Fit and 10% supporting Agents vs. Cancer's mission.
- **Direct Impact:** Funds donated to Cancer Fit support critical programs, including the Exercise & Wellness Scholarship, MVP Sports Draft, and Sibling Activity and Support, all designed to enhance the physical and emotional well-being of childhood cancer survivors and their families.
- **Community Connection:** Agents not only provide financial support but also raise awareness about Cancer Fit's mission, fostering stronger ties within their local communities.

Honoring Clients with Every Donation

When a real estate agent makes a donation through Agents vs. Cancer at the close of a transaction, it's done in the name of their client—a heartfelt way to say thank you. This thoughtful gesture not only supports Cancer Fit's vital programs for childhood cancer survivors but also celebrates the client's role in making a difference. As a token of gratitude, Agents vs. Cancer sends the client a special thank you care package, filled with appreciation and recognition for their contribution to the fight against cancer.

Cancer Fit's Impactful Programs

- **Exercise & Wellness Scholarship:** A tailored program to help childhood cancer survivors combat the late effects of treatment through exercise and wellness.
- **MVP Sports Draft:** A free initiative promoting active lifestyles by engaging survivors in sports and community events.
- **Sibling Activity and Support:** A program offering support and activities for siblings of pediatric cancer patients, ensuring they feel included and valued.
- **Community Events:** Events like the NPHS Girls Soccer/Cancer Fit Childhood Cancer Awareness Night honor survivors and raise funds for Cancer Fit's mission.

Why This Matters

This collaboration harnesses the strength of the real estate community to make a tangible difference in the lives of children and families affected by cancer. By supporting Cancer Fit, agents help provide free, evidence-based programs that improve physical health, boost confidence, and create lasting memories for cancer survivors and their loved ones.

Get Involved

- **Real Estate Agents:** Join Agents vs. Cancer to support Cancer Fit at the close of your transactions. Visit agentsvscancer.org to learn more.
- **Community Members:** Support Cancer Fit through donations, event sponsorships, or by adopting a Cancer Fit Family during the holidays. Visit cancer.fit for details.
- **Contact Us:** To get involved today, email matt@agentsvscancer.org or connect with Cancer Fit directly.

**Together,
We're
Stronger**

Agents vs. Cancer and
Cancer Fit share a
vision of a world
where every real
estate transaction
becomes a step
toward a brighter
future for cancer
survivors. By
combining
compassion,
community, and
action, this
partnership is making
a lasting impact—one
closing at a time.
